(Porter 'Stout')
Pig Brand
The only one recommended by Physician because of its strengthening and very nutritious qualities.
The results of its use in cases of debility induced by accidental causes are marvellous. This Stout becomes assimilated with the blood in a more efficacious manner than any solids do, and it thus fortifies exhausted organisms. In cases of maternity its use is of the highest importance, for which this brand is universally recommended by the most distinguished members of the Faculty.
Bass's Pale Ale
BULLDOG BRAND
Specially adapted for use in warm countries. The most delicately flavoured of all Ales manufactured by Messrs Bass & Co, put up by Messrs Read Bros., and bottled by their famous system.

NOTE—Beware of an imitation, being a copy of the Washington Morton registered label, which may be distinguished by the name Morton being changed to Marton. The forgery of Parry & Co.'s signature is very badly done, but at a short distance it may easily pass as genuine. The general appearance of this forgery is so very similar to the genuine, that a careful examination is necessary to detect the fraud. Once the wine is tasted, the deception is quite apparent,

ZOEDONE
Ohne Phosphor kein Gedanke
ZOEDONE
THE NEW DRINK
A refreshing & stimulating but non-alcoholic
BEVERAGE
Letter from Dr Lucas, Bombay, Medical Dept. Author of the Elements of Indian Hygiene etc.
"I am of opinion that your invaluable aerated beverage Zoedone deserves the highest attention at the hands of the Indian public. It is not only a health giving drink but essentially, containing as it does the quadruple phosphates of Iron, Lime, Potash, and Soda, a health restoring drink par excellence, reviving and refreshing the vital powers. It would be a blessing indeed if we could see it introduced into hotels, restaurants, regimental messes and canteens. To weakly females in India it would decidedly tend not only to the amelioration of their own health, but that of their offspring, the future generations of men and women. I need scarcely allude to its indication as a remedial and dietetic agent in cases of malarial cachexy, phithis etc."
Letter from Geo. S. A. Ranking, M.A. M.D., Cantabe Surgeon, Indian Medical Department.
"I am of opinion that in Zoedone is to be found a complete solution of the problem which has long exercised the minds of the Medical profession in India, viz., the discovery of a beverage which shall assuage thirst, restore nervous waste, and while being palatable, be also non-alcoholic. It is my firm conviction that if Zoedone be introduced into India it will meet the requirements of those who wish to restore their nervous system without impairing their liver."

HAVAS' AGENCY

Paris 10th.

The Senate threw out to-day by a large majority the 'Scrutin de Liste' Bill passed by the Deputies. From the state of opinion in both Houses a serious conflict between them is apprehended.

NEW WELSH COLONY.

One of the most pleasing sights witnessed at the Government House for some time was the visit of the Welsh colonists on last Thursday to the Minister of the Interior. The ante-salas of the Ministerio were insufficient to accommodate the colonists, so large was their number; and the servants at the Government House viewed with astonishment such a crowd of 'Ingleses,' with their wives and daughters, coming to see the Minister. Dr Del Viso was agreeably surprised at the comfortable, respectable garb and appearance of the colonists, being in such striking contrast with the accustomed appearance of the Italian colonists who crowd the Asilo de Inmigrantes. There was an air of comfort, respectability and independence about the Welshmen which so agreeably surprised the Minister that he invited them into his office, and through the medium of a friend, who acted as interpreter, held a long conversation with them. Mr Harries, who acted as spokesman for the colonists, has been a resident in Chubut for six years, a constant correspondent of the Welsh papers. Last year he returned to his native hills, travelled through Wales giving lectures about this country, wrote articles in the various Welsh news. papers on the same subject, and with such eminent success that almost every Lamport and Holt steamer arriving now brings us fresh batches of Welsh colonists. Dr Del Viso, on seeing these people at the Government House, was so pleased and gratified that he went over the map of the Rio Negro and the valley of the Chubut, and the country at the back of the Chubut, with Sr Victorica, the Chief of the Colonial Department, and Dr. Alvarez, the Under-Secretary of the Interior, and Mr Harries, looking for the best and most adaptable part to select lands for these new colonists. "I wish I had 10,000 such colonists in the valley of the Rio Negro," said the Minister, "and I will give them the best land in the Republic and make them prosperous, contented and happy." Mr Harries stated that if the people were well treated, the Government might count upon a very large emigration from Wales, as, notwithstanding all their troubles in the Chubut, they had prospered, and to-day there is not a more flourishing colony in this Republic than the Welsh Colony on the Chubut. Dr Alvarez proposed that the Government should work out a new colony for the Welshmen on the south of the Rio Negro, at a place called Pampa Grande, said to be one of the most fertile spots on that river. Mr Victorica suggested that land should be given to them at Port Deseado. The Minister showed the colonists the large tract of land on the Sengel river, stretching away back to the west of Chubut, and said to be very fertile. It was finally proposed to the Minister by a mutual friend that, as the colonists knew nothing as yet of any of those lands, and as they desired to see their countrymen at the Chubut, the best and safest plan to adopt would be for the Government to send all the colonists down in the steamer Rosetti to Chubut, and to send with them an 'agrimensor' and a clerk of Mr Victorica's; that the colonists at the Chubut should name a committee of six experienced farmers, and that the 'agrimensor' and the Government clerk should go with that committee and inspect the lands on the Rio Negro and other parts and elect the site which they preferred, which is to be at once surveyed and worked out; and Mr. Victorica, on behalf of the Government, gives to the colonists a letter guaranteeing to each of them a free farm or homestead of 100 hectares, with the right to each of the colonists to purchase on long time from the Government 250 hectares adjoining their lands. Dr del Viso, the Minister of the Interior, fully concurred with this arrangement, and the Welshmen and their friend then withdrew highly satisfied with their interview. President Roca, when acquainted with the matter, expressed his determination to do everything to make these Welsh colonists happy and comfortable, H.E. considers that they would do better on the banks of the Rio Negro than elsewhere, as the yearly inundation of that river render irrigation unnecessary; locusts are unknown down there, the climate is European, and the freight on the produce from the colony, owing to the river navigation, would be cheaper than at any other point. The fortunes of the Welshmen in the Plate are in the ascendant.

LITERATURE.

Amongst the many publications of the week, we note Dr Estanislao Zeballos's 'Descripcion Amena de la Republica Argentina,' the 'Investigador,' a Report on Misiones, and the index of a book on the Capitalization of Washington as applicable to that of Buenos Ayres, by Dr Larsen del Castaño.

Dr Zeballos's book, edited by Mr J Peuser, is a most interesting publication; the present issue is only the first of many; the illustrations are perfectly Argentine and varied; it is a book everybody should possess, and is written in a pleasing conversation style. The first illustration shows Dr Zeballos in the midst of the Pampa, with his horse beside him, a photographic apparatus and some physiological remains, such as bones and skulls. Further illustrations show the Olavarria Colony, the old forts of the Alsina frontier, the town of Azul, the Sierra Chica, etc. A detailed description is given of the Olavarria colony and its industrious colonists; in fact the book is the most interesting account of travels in the Pampa we have yet read, and no doubt the forthcoming issues will be still more interesting. The author is well-known in Buenos Ayres as a distinguished journalist and lawyer; he is besides the founder of the scientific and geographical societies of this Republic; he has also been honored of late with the membership of the principal geographical societies in Europe, a valuable acknowledgement of his varied and many qualities His description of the Republic and travels in Araucania are to be had at Mr J Peuser's, Calle San Martin 96 to 100.

The *Investigador* as usual bristles with valuable articles and researches. We remark a most important chapter from the pen of the veteran philologist Mr J. M. Larsen: it treats on the Arab alphabet, a system which facilitates the learning of the language and the reading of texts The learned Doctor applies this method to the Koran, a chapter of which he gives in the original, with the alphabetical transcription, Casimirski's translation and his own. It is a pity to see that Casimirski has treated such a subject as the translation of a sacred book like the Koran with such levity; you scarcely recognize the text, a very im-

portant defect, as such works should follow the original to the letter: we see this performed in all biblical translations, and as yet no writer, we think, has been arrogant enough to improve the Hebrew text. Dr Larsen's translation does not harbour this defect, and the reader is able to appreciate the Koran as it is: we recommend same to any of our readers who are inclined to philology, as they will find same most interesting. Mr Avelu's remarks on the transcription of the alphabet are to the point and we fully endorse them.

The *Investigador* embodies some well-founded criticism on a book, lately published in Paris on South America, by Mr A Deberle; the author of the work evidently has never been in the Republic; whilst he flatters the country on its resources he describes the Argentines apparently like white people of Dahomey. This is not one single instance of prejudice on the part of those who write about South America; thus we have occasion to meet strangers who land on these shores, remain a day in Buenos Aires, see a pampa estancia and a gaucho, and then have the impertinence to write a book on the Argentine Republic, palming off their exaggerated views on an ignorant European public.

The pamphlet on the Misiones territories shows the resources of that beautiful country; volumes have been published on its legal owner, whether the National Government or the Province of Corrientes: the history of the limits question is as long and as tedious as the Patagonian Question. The President of the Republic, in his Message, it would appear, opines like Velez Sarsfield that the territory is national. As long as Misiones is in hands of a provincial government, that territory will lie waste and remain in the hands of political speculators, who, if we are not much mistaken, possess already very large properties about there. Misiones is the most fertile territory of the Republic and may be compared with the Limay: it has the advantage over the latter, as the climate foments the production of every imaginable cereal.

The index of the book on the capitalization of Washington promises much, but it remains to be seen if the contents answer same. It will consist of the translation of all the documents published when Washington was chosen for capital of the United States. The book will contain an introduction from the pen of one of the most rising young Argentines, Dr Gabriel Larsen del Castaño. Two years ago we translated an admirable speech of his, when Minister of Santiago del Estero. The editors of the promised work are Messrs, Jacobsen and Co. of the Calle Florida.

The Araucania's Mails.

Lisbon, May 18th.

The Conservative members of the House of Lords held a meeting in London to elect a leader of the party. The Duke of Richmond proposed that the Marquis of Salisbury should be recognised as such. Earl Cairns seconded, and the motion was carried by acclamation.

Both Houses passed the Beaconsfield Monument Bill. Mr. Gladstone introduced it in one of the most effective speeches he has ever made. The extreme Radicals and the Irish party opposed it, but the division gave the Government 350 majority, although over 60 Liberal members refused to vote, amongst whom were Bright, Chamberlain, Dilke, Fawcett and other members of the Government.

There was great opposition in the Commons to the vote of thanks to General Sir Frederick Roberts for his services in Affghanistan, but it was carried.

Telegrams from Berlin announce the almost unanimous rejection by the Reichstag of the Government Bill establishing two years' Budgets and four years' Parliaments.

The Czar issued a proclamation, saying that he intends to govern Russia in his own fashion. His first step was to order General Ignatieff to form a Cabinet on the Constitutional basis of Ministerial responsibility. The General, having little experience in the Constitutional line, had much difficulty, but finally got a team together and laid the list before the Czar. Count Melikoff and all the other gentlemen of the old school at once resigned.

The conspiracy against King Humbert's life is not confirmed.

The Pope and the Russian Government have been formally reconciled, and the Catholic religion is recognised as the national religion of the Slavs.

Deak's great work, the dual Austro-Hungarian State, is threatened. The Hungarians have succeeded in passing a Customs measure of a very insidious kind. From the 1st May all imports into Hungary, even from Austria, must be 'declared' on the frontier, in the Hungarian language, and pay two Kreutzers duty for the formality. This is looked on as the thin end of the wedge that is to bring about the complete independence of Hungary.

The Ministerialists in Spain have carried everything before them at the elections, 208 to 79.

M. Roustan, the clever French Consul in Tunis, has been promoted, and is now Minister Resident there. Admiral La Ronciere is dead.

EDITOR'S TABLE.

The Pacific steamer Araucania brings dates from London to 14th ult, Paris 15th and Lisbon 18th. The news is most important. The Marquis of Salisbury has been chosen leader of the Conservative party. The Bill to erect a National monument to the memory of the late Lord Beaconsfield has passed both Houses. The Peers passed it unanimously, in solemn silence, feeling, perhaps, that the honour to the great man gone cast a reflected gleam on 'our noble selves.' In the Commons, however, there was a battle, Mr Labouchere leading the Radicals and Mr O'Connor the Home Rulers to the assault. Nevertheless, the Government had an overwhelming majority—350 to 54, although 50 liberal members, including six members of the Government (Bright, Chamberlain, Fawcett, Sir C Dilk, Courtney and Trevylyan) walked out of the House before the division. Her Majesty and the Princess Beatrice paid a visit to Lord Beaconsfield's tomb. In Austria the question of separation from Hungary is again looming up, owing to some new Customs laws passed by the Diet of the latter nation. Things look queerer than ever in Russia.

The improvement in the weather yesterday was of the most homeopathic description, and gloom, mud, spattered umbrellas and tucked up trousers were everywhere in the ascendant. Our weather prophet says there will be much more rain.

The Montevidean Chambers have thrown out the Press Muzz ing Bill, and there is great alarm in Government circles, so great that Minister Santos has been recalled from the camp. A 'coup d'etat' is feared. Where is Latorre?

The latest particulars about the 'malon' at Puan are that, on last Sunday night 200 Indians and 'bad gauchos' attacked Fort Puan. Fifty troopers of the 6th Cavalry left Carhue to succour the garrison, and the savages beat a retreat towards Curamalan, followed by National troops. Two fugitives declared that the Indians were at Bandurria, seven leagues from Fort Lavalle. A telegraph clerk, who had started for the Fort, is missing. The chief of camp Police, Sr. Dantos, is also in pursuit of the savages with 80 men and 100 horses. It is feared that the marauders have captured a diligence that left Carhue on the 6th, and nothing has been heard of it since. The latest report is that the savages have been overtaken and badly cut up at Hinojo, but, as well as we remember, this same bit of news was current so far back as Wednesday.

The Captain-General of Ports has reported favourably to the Navy Office on Mr. Bernard Iturraspe's proposal to extend the Mole that had a Hole in it for so many years much forther out into the river. This reform would be of immense convenience to the travelling public, and we hope to hear that Mr. Iturraspe's concession will be granted. When the proprietors of small boats heard of the Port Captain's report they felt that their occupation was as good as gone, and their countenances looked a long farewell to the pride, profit and extortion of the small boat business.

A colleague says that volunteering for the army is becoming popular. No fewer than 25 young men, all Argentines, volunteered for the 1st of the Line this week.

The Postmaster at Miranda, Matto Grosso, has just died at the age of 120 years. Some months ago the young fellow proposed for a lady in the town, but she refused him, probably on account of his youth and inexperience. He pined away and died.

A Rosario paper says that there has been of late a tremendous jump in estancia and chacra land all over the province of Santa Fe, fully 500 per cent, and the buyers are now thronging into Cordoba and buying up land and cattle in every direction. Rio Cuarto is, of course, the favourite locality; after that Union.

We received yesterday from the Rev. James Smith $200 m|c for the Casco Testimonial, the Rev. gentleman, at the same time, expressing a hope that the Corrientes Judges will do their duty in the case as surely and expeditiously as Mr. Casco has done his.

The *Industria*, to show the way in which wire-fencing is spreading in the camp, says that Messrs Zemborain Martinez and Co., a house that does an enormous business in this line, have sold since New Year's Day 400,000 handubay posts and 70,000 quintals, or a length of 800 lineal leagues, of wire.

The *Revista Medica* says that the wet and cold weather has increased the sickness in the city during the past fortnight. Rheumatism is the most prevalent of ordinary complaints, and small-pox has shown a most unpleasant vitality. There is also more or less of a typhoid fever epidemic, chiefly in the conventillos.

We may look for a change in the weather to-day. Full moon.

The fierce shower on Thursday at 6 p.m. washed the streets of mud, but they were as bad as ever yesterday morning. A Flores tramcar came to grief in the Lake of Killarney in the hollow the other side of the Once, and several Flores and Caballito subscribers were an hour late for their roast mutton in consequence. All over the camp a deluge of rain has fallen, and inundation point has almost been reached in some partidos.

The beginning of the inevitable end is already apparent on the West Coast. The main topic with the Santiago and Valparaiso papers now is the annexation of Peru to Chile. It is pretty clear that if the whole of it is not annexed, the choicest parts of it will be. The *Heraldo* announces that the Argentine Minister is to be withdrawn from Lima till things settle down a little there. Bolivia has protested against the Calderon Government in Lima, in spite of the feeling in Chile to make peace with that Republic. Lord Dundreary is the only man who could even make a guess at the meaning of the anomalous policy of Bolivia all through this Ten Cents War,

The navvies on the Tucuman Railway extension to the north have struck for higher wages and less work. Such is the way all over the world—the two Ws in Tucuman, the same in Durham, the three Fs in Ireland, and so on.

With much pleasure we welcome from the Falkland Islands the Rev. Mr. Foran, who arrived yesterday.

The Rev. Father Martin leaves for Europe in the mail of the 15th for a short trip to Ireland. We hope to have the pleasure of welcoming him back at the close of the year.

It was said yesterday that the National Government has ordered the Parana to take the Welsh colonists to the Chubut, as the Rosetti has not sufficient accommodation. We commend our countrymen to the care of our gallant friend, Colonel Laserre.

Venus will have a lot of distinguished people staring at her from this country, in her approaching transit. Dr. Gould at Cordoba, Mr. Boeuf and severel other scientists in Buenos Aires, and three of the greatest lights of the French Academy in Patagonia. Something useful for science will certainly come out of all these distinguished telescopes.

The question of assisted immigration for the friends of families in the colonies, we are happy to say, meets with great support in Congress. We have to thank ex-President Avellaneda for his wise policy in this regard. In fact, every day teaches us how much the country owes of its prosperity and credit abroad to the wisdom and foresight of ex-President Avellaneda.

We would feel obliged it any of our readers or friends in Rosario could inform us about a Mr Thomas Connell, a native of Philadelphia, who came to this country some 18 years ago and was at one time with the late Mr Naulty. His family at home have not heard anything of him for some time, except a report that he is dead. When he last wrote to them he said he had saved a good deal of money and intended to return home.

The renewed scare in Montevideo has given another fillip to the passenger traffic. The Cosmos came up yesterday morning packed full with refugees.

A St. Petersburg oculist has discovered that cataract can be cured by electricity, by a series of mild shocks through a needle applied to the seat of the disease; he also says that, even when no disease exists, the eyes can be greatly strengthened by electric shocks.

National Bank Shares..	98
National Bonds	1½ prem.
Emp. Popular	2 prem.

The gold market continues to fall and ruled weaker to-day than usual; nearly all the Bolso is now speculating for a fall, and as the conviction in the open market is that the country is rapidly marching to specie payment, the immense sales on change therefore do not threaten the reaction which otherwise would be inevitable, since the whole current of the market is downward. As we mentioned in our last, gold has bid a long good bye to 27, and prices to-day ARE LOWER THAN EVER SINCE THE OFICINA DE CAMBIOS CLOSED. Very soon there will no longer be room for any more speculation in gold; cows and sheep will then advance in price, and the market assume a surer footing.

Gold opened at 26.95, and dropped with a jump to 26.75, cash sales 129,500. For the end of the month over a million sold, opening at 26.90, and closing at 26.65. For July 26.40.

Cedulas mock the power of the bears and 41,750 sold cash at 99½, and for end July 100 at 99½.

Nat. Bank shares look sprightlier than ever and par offered for the stock in August and refused; everyone says the stock is going to a handsome premium, the bank is doing a greatly increased business.

The Araucania's mails were delivered today. The advices, commercial, are most important and most favorable. We give a summary of the news in another column.

The Herrox has brought gold to Mr E Madero from Rio and also to the Carabassa Bank. The Araucania also brought some small gold consignment to Montevideo.

The papers from Rio announce that Mr. Tisdel, agent of the American Roach line of steamers, has notified the Imperial Government that the present is the last trip the steamers of that line will make to Brazil. This is news of great moment, not only to Brazil, but also to this country, and we hope some effort will be made to maintain this line. We suppose the new Canadian line will have something to do with this business. Meanwhile Messrs Limport and Holt put on three of their steamers per month to keep up communication between Brazil and the States, and, as appears by notice, passengers from here can be booked through to the States.

We give in another column some interesting news from Patagones—a district which is rapidly advancing.

Empresito Popular has also advanced and sold to-day at 2 premium. In fact all our stocks are rapidly rising, owing to the abundance of money.

Exchange rules at 49. One leading house refuses to draw over 48⅞, but it is probable that rates will close higher for the mail of 15th inst., as there is more doing in produce.

The Prov. Bank balance sheet was out today and will be found at foot: it shews well for the Bank, which held on 31st May 1,700,000 pats gold. The amount of paper on hand is 78 millions; a large amount; we remember when the Directors thought 40 millions more than enough.

The weather although unpleasant for the town is grorious for the camp; we hear from all sides the most favorable accounts of the pasturages and of the lambing. In fact not for years have they had such a splendid season outside.

The sale of 500 cows at 245 m/c, al corte, at Juarez is reported; these cows are bought for a new English estancia on the South of the Rio Negro, perhaps the first English estancia ever yet started on the South bank of the Rio Negro, but the camps there for cattle and sheep are unsurpassed by any in the country.

The sales at the ring were—
For cash 129,500 26.95–90–85–80–75
For June 11th 92,000 26.80–90–85–90 80–85

Sales, 3,860.

Empresito Popular—
For cash 100,000 2 prem.

At after hours there was a slight reaction in gold, caused by the sellers of yesterday and this morning buying back this afternoon; while it lasted a couple of hundred thousand patacons bought in for end of month at 26.75, and something cash at 26.80, but the effort gave way, and before the bell rang out the market tumbled, and sellers were offering for end of month at 26.70, buyers at 26.65, and sellers cash at 26.75.

The Monarch of the market is the National Bank Shares; over 1,000 shares bought for the end of July at par, and another 1,000 shares for the end of the month at 99. There can be little doubt that as money becomes more abundant these shares will steadiiy advance One well known party, who thoroughly knows the business the bank is doing, said that these shares are going to 40 premium sold. Speculation is stronger in this stock than in Cedulas, and gradually as gold comes to its par the business in National Bank Shares and in Cedulas must increase; when gold touches 26 there will be very little margin to do business, and buyers for the end of the year refuse now to pay over 26.

Exchange advanced to-day and was freely offered this afternoon at 49d, but takers keep back, well knowing that the rate must advance.

The Plato arrived to-day in Montevideo and will be up in the morning with 1200 tons cargo for here and 700 tons for Rosario.

The Maskelyne will leave to-morrow with a large cargo and a full passenger list.

Letters received from Rio speaking of freights, and the coffee crop say—'Our coming coffee crop will be the heaviest ever known in Brazil, and the succeeding crops will be still heavier owing to the large number of new trees now ready to bear.'

The Toro from Patagones and Bahia Blanca is expected in to-night.

The telegraph works progress and the line from Bahia Blanca to Patagones will soon be in working order, which will prove a great convenience.

The Donati sails on 10th for Bremen and London direct.

The Marseilles steamer, Mathey line, is expected to-morrow with fresh European dates.

In salted hides the following sales reported this afternoon—
6000 salted ox, Colon, 65 lbs, free on board 49½ rls.
3000 do, saladero Gualeguaychu, 62 lbs, on board 49½ rls.

The sale of 5000 hides at San Nicolas at 46 rls on shore, was effected a few days ago; all these hides have been bought by a leading German firm, that has been the largest buyer of salted hides this season in the Plate.

A rise of 5 m|c per fan. in wheat was reported this morning.

Cedulas ruled firm in liquidation and buyers for July offering 96½.

Gold for July sold at 26.45; market closed sellers.

No one seems to have a word of news from London, and we are all in the dark as to quotations. The Provincial Bank in other years received telegrams and gave the market quotations.

One party admits having received a message stating President Roca's Message opening Congress was published yesterday in London papers, and has caused a splendid impression.

The *Tribuna Nacional* has paid 30,000 m|c for key of Peter's Restaurant to open its offices there—one of the best sites in this city.

Our Boca correspondent gives the following:
"The Amer. Brigantine John Shay, Capt. Nickerson, passed out in ballast.
"The Amer. barque Ada Carter, Captain Johnson, is hauling out.
"A French barque in sight, towing in empty.
"The Amer. barque Celina, Capt. Hedgdon, still detained in port, on account of low tides.
"Boca not quite so slushy to-day owing to heavy rain last night.
"I noticed some extra good, postes discharging from the Angelica Maria into Turner's corralon. In my opinion they are the best conditioned and straightest posts that have entered this season.
"In the same deposits they are also receiving a large consignment of the Ryland Steel Wire."

Messrs E Norton & Co, announce that, in future, there will be three regular departures per month of Messrs Lamport & Holt's steamers from Rio to New York, as on the 5th, 15th and 25th, commencing with the Dalton on 5th July. Passengers and cargo will be taken from Buenos Aires at special through rates.

The latest news about wool in the U. States are as follows:—
"The annexed table shows the number of bales of wool imported into New York during the past week, and since the 1st January, as compared with the processing year; also, the receipts of domestic during the same period—

Foreign—

	Bales.
Imports week ending April 29th	390
Imports since Jan. 1st, 1881	15,727
Imports same period 1880	59,676

Domestic—

	Bales.
Receipts week ending April 30th	63
Receipts since Jan. 1st, 1881	16,987
Receipts same period 1880	5,551

"The Boston Wool Market—There is a somewhat better feeling throughout the market for domestic wool, based without doubt largely upon the improving condition of the general woollen interests and prospect of manufacturers having to supply their wants more liberally in the near future. Prices have not averaged any different and are not likely to at present, but there is a general feeling that wool is now at its lowest point. There are fair stocks of most kinds still in store here, but those lots upon which there has been special pressure to realise are now pretty well removed.

"Sales continue to show a steady demand and aggregate over a million and a quarter pounds—composed mostly of washed fleece, fall California and pulled, with a fair amount of Texas and Territorial. Operations in noils and scoured and unwashed and unmerchantable have been light, while in combing and delaine scarcely anything has been done.

"Washed fleeces sell at just about previous figures, viz—40-41c for Ohio X and XX; 44c to 45c for Ohio No. 1; 38-38½c for Michigan X; 37c for Wisconsin X, and 41c for Wisconsin No. 1. Desirable super pulled wool is in good demand at steady prices. There were large accumulations of spring pulled at the West, and latterly a good deal of this has been consigned here and closed out as best they could. With this removed the market is in a better condition for choice selections.

"Foreign wools have moved moderately, with considerable sales of Cape and Montevideo and some carpet and English haggets. Montevideo is held with more firmness and there has been a sale at 30½c cash. Some other lots of Montevideo are held for higher prices. The first direct arrival of Australian at the port for the season occurred this week—the barque James A Borland bringing about 2,500 bales from Melbourne on manufacturers' orders.

"The sales of the week are 1,393,625 lbs. domestic and 222,000 lbs. foreign, against 444,300 lbs. domestic and 698,800 lbs. foreign a year ago. The receipts comprise 2,477 bales domestic and 2,590 bales foreign."

Let every one in the Government House read the following paragraph which we cut from the New York papers received by the American mail; when our figures show the same our dream will be realised:—

"The Tide of Immigration—Sixty thousand in a month.—The arrivals of immigrants at Castle Garden during the month of April were greater than during any month for the past ten years, and greater than in any previous April. The total for the month is 58,763, without counting in the arrivals Saturday on the Rhein, from Bremen, which number about 1,200. The Castor, from Amsterdam, Saturday, brought 612, all Hollanders, and fine looking, able-bodied men. The arrivals in 1880, during April, amounted to 45,578, and from Jan. 1st to May 1st to 80,253. The total thus far this year is 104,306, without the Rhein. At this rate of increase the total this year will be at least 400,000."

We have been favored with the following late market report from Chile—

Valparaiso, May 24th.

"Scarcity of tonnage, the tendency of our exchanges, and in a great measure, too, the continued unsatisfactory reports from European markets, have combined to interfere with business in produce since our last report of 10th inst. Very little has been done in either copper or breadstuffs, nor have transactions in nitrate assumed any larger proportions, notwithstanding the willingness now manifested by holders to submit to reasonable concessions.

As to imports, the present winter season causes a quieter demand, and some time must necessarily pass before we can expect a revival. There are not, however, any large stocks in first hands, and prices of our principal staples are so far pretty well sustained.

Official telegrams to our Bolsa are up to the 19th inst., quoting for bar copper £57 15s sellers, regulus 11s 9d sellers; ores 11s 6d sellers; nitrate, ard. Liverpool 14s sellers; wheat to arrive U.K. 41s 6d, and bar silver 51⅞d, whilst mail advices from England reach to the 7th ult.

Grease and Tallow—
There have been no new arrivals of either article. The demand is quiet and holders find it difficult to make any progress with sales.

Lumber—
A small and well assorted cargo just arrived has fetched the extreme price of £9 10s per mil feet on board. Several cargoes are now offered for sale, but there are no buyers willing to pay anything like the above price to arrive.

Coals—
Without any material change. Steamers arrived are worth from 37s to 40s, according to quality, whilst for floating cargoes from 30s to 32s is asked, according to date of sailing. Smelting have sold at 28s and are dull at this figure.

Wheat—
Little or no demand, owing to the impossibility to reconcile the value here with European quotations. Only one small sale of 7000 hect. at 480⅓ in bulk of board in Talcahuano Bay has transpired since our last report, and on these terms we doubt that there would be other buyers. At present value we cannot quote more than 450o per hect, or $4 per bagged fan. board which with 5 per cent commission, 6 5/o freight to United Kingdom and 2⅞d Exchange would result equal to about 44/2d per 480 lbs gross c & fr.

Flour—
Stocks heavy and the demand very quiet. Holders are asking late prices, say from $9 to $9.75 for Santiago, and from $8.50 to 9 per 200 lbs less 6 o/o discount for Southern brands, but probably they would accept something less for round parcels.

Barley—
Current feeding is quoted as heretofore at from 3s 5½d to 3s 6½d per fanega on shore here, according to quantity.

Flinty Wheat—
Holders ask 4.25 for round and 4.50 per 160 lbs on shore for long grain, but there are no transactions for export.

Linseed—
Dull and not worth to-day above 3.70 q.q. on shore.

Freights—
Owing to the supply of tonnage continuing quite insufficient for the demand, rates have again considerably advanced since our last, and we quote to-day:—

For Breadstuffs	65s to United Kingdom	
	70s to Continent	
Copper produce	55s to Liverpool or Swansea	
Nitrate	65s to Liverpool	
	67s to U. Kingdom	
	72s 6d Continent	
Guano	67s 6d U. Kingdom	
	70s Continent, less 5 p. cent extra commission.	

Exchange on London 27½-27¾, 90 d sight.

Mrs S. A. Allen's World's Hair Restorer

The Genuine only in Pink Paper Wrapper
It cannot fail to Restore Grey Hair to its youthful Colour, Gloss and Beauty
IT IS NOT A DYE
It ever proves itself the natural strengthener of the Human Hair.

THERE are two special qualities which determine and fix the superiority and excellence of Mrs S. A. Allen's World's Hair Restorer:—First—its prompt quick action, and the new growth, life, and vigour that it is sure to give to the hair, never failing by a few applications to Restore Grey or White Hair to its Youthful Colour, imparting to the hair a delightful aroma, fresh, delicate, and unchangeable in any climate. Second—its easy application without any previous preparation of the hair; without that sticky and disagreeable sulphur odour found and complained of in other preparations. It never stains the skin or linen. It retains the hair in any desired position, and is cooling and cleaning to the scalp.
Use no other Preparations with it, not even Oil or Pomade or Zylo-Balsamum
To Restore Grey Hair, Mrs. S. A. Allen's World's Hair Restorer is the best.
Because it is made from Choice Materials, and prepared with the utmost Care and Skill.
Because over Forty Years the Favourite Preparation, enjoying by far the Largest Sale, it must be the Best.
Because it Does Not Dye the Hair, but Strengthens it. Grey Hairs soon Disappear.
Because by its Gentle Tonic Action the Roots are strengthened—New Life, and Hair Natural Colour.
Because the Soft and Silky Texture of Healthy Hair follows its use.

THE HAIR
Its Beauty can be Restored and Preserved.

"Beautiful Hair, Nature's Crown, Luxuriant and Beautiful Hair."

It cannot truthfully be said that at any age, period, or condition of life the Hair can or should be allowed to take care of itself, and requires no aid to stimulate and maintain its growth.

Importantisimo, leer esto

La practica nos ha enseñado, como asi mismo las indicaciones de nuestra amistosa clientela, que no debe lanzarse a remate ninguna propiedad de cuya bondad de titulos no tenga la casa confianza y seguridad absoluta, por cuya razon hemos trabajado mas de dos meses hasta reunir toda la documentacion necesaria para presentar en venta esta zona importante de tierre, sin que los interesados tengan necesidad a pedir datos.

Hemos impreso un folleto, que contiene; 1º El plano de Santa Fe y su vecina Santiago del Estero. 2º El informe del Gobernador de la Provincia, declarando "ser propiedad de los Canepa el campo a venderse, acompañando copia legalizada de la ley que autorizo la venta y reconociendoles el derecho a su enagenacion. 3º Carta del Señor Obligado (que ha recorrido los campos durante anos) determinando su ubicacion, buena calidad, ventajas de su adquisicion, condiciones, etc. etc. 4º Planos del campo a venderse, con determinacion de lotes y la ubicacion de todas las importantes colonias con que se avecinan. 5º Nomina de los linderos y establecimientos importantes inmediatos. 6º Informe escrito del estudio hecho de todos los documentos y titulos por el acreditado escritano Sr. D. Victoriano Cabral, que los declara inmejorables; y finalmente todo lo pertinente al conocimiento de lo que debe adquirirse.

Este folleto, ass como las entradas para el lunch, se entregaran en nuestra casa a las personas que se dignen venir a solicitarlo.

Pormenores

Estos campos distan solo 5 leguas de las colonias Sunchales y Espin [suizo] y 7 o 10 de las estancias de Escalada, Ramayon, Coronel Obligado y hermano, Dr Pedro Palacios, Banco de Londres, Coronel Lacueva, Coronel Jahson. Lindan a mas con los Srs W Pate y Ca, Dr Lawsen, Meyer, Ozsizi, Duchiwitz, Altgelt, Napp, Loissoau, Bonorme, Newton, Mulhell y otros, que adquieren en la misma forma hacen diez anos.

La traza del ferro carril de Santa Fe a Santiago, cruza estos campos y se radicara una o dos estaciones en ellas.

Con la base fijada, no se habran puesto en venta campos mas baratos y si se habran adquirido jamas mejores como calidad, pues el Sr Coronel Obligado dice en su informe que son SUPERIORES a los del Sud de Cordoba y a los del Departamento del Rosario.

Hay campo linderos, que se han vendido (y mostraremos el certificado) a 3000 $fts. la legua.

En la colonia Espin, donde existen mas de 150 familias fundada por el Sr Benitez, se venden las concesiones a 200 $fts de solo 20 cuadras, luego la legua ha producido ya mil onzas de oro, en 50 concesiones.

Los campos estan mensurados judicialmente perfectamente amojonados con grandes postes de mandubay.

Hoy dia, la casa bancaria de los Srs Murrieta en Londres, esta recibiendo los campos del Chaco, del Gobierno de Santa Fe, en pago del emprestito a razon de 1600 $f. por legua, y estos son superiores y mas cerca de la capital.

Para terminar: la familia Canepa, es propietaria en el Rosario y esto redobla la garantia.

Por informes, folletos, planos etc, a nuestra casa San Martin 51. x186 j6

Por tener que desalojar el campo
El Domingo 29 de Junio
A las 12 del dia

Remataramos a la mas alta postura y dinero de contado, por cuenta y orden del Sr Don Damaso Sanchez y por tener que desalojar el campo, conocido por D. D Jose Maria Maderos de Rafiel, por el otro el Sr Don Antonino Cambaceres, y por los otros varios propricatarios.

Campos en las condiciones de este es dificil obtener hoy por precios como en el que me este tasado hace 6 años, los buenos pastos de que esta dotado, aguada y la proximidad al pueblo del Bragado le aseguran un porvenir dentro de pocos anos.

Las poblaciones son las siguientes: Una de 18 vs de frente por 9 de fonde, compuesta de 5 piezas, un galpon de esquila, varias otras piezas, cocina, etc.

La Quinta es de quinientas vs por costado, alambrada con postes de mandubay y zanja, monte de duraznos, guindos, acacias, paraisos, sauces, alamos, tres tablones de alfalfa, dos corrales para ovejas, etc.

Los compradores tienen tiempo de visitar este campo antes del remate, pues ya saben que no dista mas que 4 leguas del Bragado, pudiendo salir de la Capital todos los dias.

Los titulos, que son de primer orden, pueden verse lo mismo que el plano en nuestra casa Victoria 156.

I shall auction, by order of the proprietor, this splendid camp, situated in the Department of Villaguay, on the borders of the Department of Uruguay, 14 leagues from the capital of the Province and 6 or 6 from the town of Villaguay. It is surrounded by important establishments such as those of Don Aurelio Jorge, D Eduardo Almagro, D Teofile de Urquiza and the heirs of Benitez. The pasture is of the first quality suitable alike for sheep and cattle or for agriculture, the greater part being black vegetable earth, 50-60 centimetres in depth.

Persons interested in seeing the land can take the bus which leaves Uruguay for Villaguay on Mondays and Thursdays, and will leave them at the estancia of Don Teofilo de Urquiza, where they will find a person to shew them the land.

Advantageous conditions of sale

The sale will commence at the upset price of $f4 or $100 m|c per square of 150 varas, payable as follows—¼th part on signing the deeds, and the remainder in instalments with interest at 1 o|o monthly at 1, 2 and 3 years. A better opportunity cannot be offered to acquire a good piece of land. In this Province $200 per annum is paid per square of land for agricultur. No one offer to sell the property for the half of what is paid here for rent, bearing in mind that this land is admirably situated for agriculture on a large scale not only by the fertility of the soil but also for the facility of river transport. The title deeds, which are in the best order, will be delivered GRATIS to the buyers.

The auction will take place in my office, San Martin 90, on the day and date named. For more particulars apply at my office.

Note—Our object in offering these lands on such convenient terms is to attract a population of agriculturists and labourers to these very fertile and productive lands.

A las 2 de la tarde

Venderemos al contado y con la base insignificante de 60,000 m|c la legua cuadrada, este importante campo flor, quebrado, con pastos entreverados y de tierra negra, es decir, para cualquier clase de hacienda a que se la quiera destinar.

La superficie es la siguiente—3 leguas cuadradas mas 22 milesimos de otra o sean 8389 hectareas; 21 areas y 89 centiareas. Los linderos son: por el S.E. el arroyo Vallimanca (estando todo este frente alambrado por el lindero) en medio con los Sres. Gomez, Carro, Gonzales y Cia. y otro por el N.O. con Don Luis de Domicensi y Don S B Walle, por el S.O. con Don Pedro Calcaño, con D Juan M Villarraza, el Sr Escudero y otro, y por el S.O. con los Sres. Gomez y Andrade.

POBLACIONES—La de la estancia es de 18 vs. de largo por 6 de ancho 2 piezas y 1 ramada, todo con sus correspondientes buenas puertas, ventanas, pared Francesa y las maderas de primer orden.

QUINTA—Tiene 150 varas por costado, con arboles nuevos, perfectamente zanjeada, cerco, etc.

ENSENADA—Esta es de 2025 vs de circunferencia, alambrada con seis alambres postes de mandubay y todo alrededor zanjeada y con plantaciones nuevas de sauces y alamos, postes de palmas con sus correspondientes palenques etc.

DOS PUESTOS—Uno de ellos tiene dos quintas de 150 varas por costado, un buen potrero zanjeado como para entierro etc.

El Arroyo Vallimanca, limite del campo, pues pertenece a el, 4 leguas que lo rodea por dos costados dotan al campo de aguadas y luego despues la comunicacion con San Carlos por uno de los caminos que pasan por el costado y luego el otro que es camino real que conduce del Saladillo tambien a San Carlos.

Los pastos entreverados, en tierra toda negra y como hemos dicho antes, campo todo quebrado, es lo que contribuye a la fama adquirida de ser mejores que muchos cuyos dueños en Chivilooy no han querido vender por 500 o 600 mil ps. m|c legua.

A GLANCE AT PATAGONIA.

The following sketch of the town of Biedma, the seat of the Governor of Patagonia, is interesting. It is an extract from a letter to the *Prensa* :—

"I shall only refer at present to the civilized and populated part of Patagonia, south of the Rio Negro. Biedma is a town of 1,500 inhabitants, with 200 houses, mostly modern, two plazas, a church, splendid quintas teeming with fruit, many shops, two schools, some well-defined streets, and small but select society. The climate is somewhat colder than that of Buenos Ayres, about the same as that of Montevideo, in winter: but in summer it is mild, saving terrific hurricanes now and then.

"The town is on the bank of the Rio Negro, 21 miles from the sea, Carmen is right opposite. A league South there is an old Indian cemetery, where Messrs. Moreno, Lista and others have sought for scientific relics. There are several Indian colonies, amongst them Conesa, 40 leagues west of Biedma, and on the Rio Negro. There will be great wheat sowing there this year. Five leagues further there is San Xavier, another prosperous settlement, 'Cubanes' is an Italian colony, 15 leagues from Biedma, and it will be a most important one.

"The soil of the valley of the Rio Negro is superb for agriculture; wheat and barley give astonishing yields. There is a magnificent field for cattle farming and sheep breeding also, as there is abundance of grass and water, not only in the valley but in the Interior. The valley of the Rio Negro varies in width from two to four leagues, so there is plenty of room for immigrants to make their fortunes. I think that for the present, there is more profit in grazing than in tillage.

"The land between the Rio Negro and San Xavier, and thence to the Aguada de los Loros, and down the coast to the mouth of the Rio Negro, is all settled on: but the population would stretch out South and West if Congress would, once for all, pass an Act for selling or renting these lands. With what confidence can a man invest capital in lands that may be taken from him to-morrow? But if he could buy or rent them formally from the State, it would be quite the reverse. A Land Act for Patagonia is most urgently required. I feel convinced that, if something decisive be done towards colonizing Patagonia, it will very soon be necessary to add a 15th State to the Confederation.

"This is what should be done:

1st.—Colonize the port of San Antonio at once.

2nd.—Pass a Land Act.

3rd.—Bring here every emigrant that can be had.

The first is indispensable, and we want a good and safe port in order to keep up communication with the outer world: the Rio Negro ports are not such, nor never can be made so. The second would give security to the hard working man. One word more. If the Government of Patagonia were seated at San Antonio, its influence would be felt further South, after the northern zone had been handed over to trade and industry. In Biedma we are without either hands or heads. Just fancy, we get maize from Buenos Ayres, butter and cheese from Chuput, potatoes and vegetables from Buenos Ayres: milk and eggs are luxuries. Nobody eats fish, although it is abundant, for the simple reason that nobody cares to catch it. Everything is brought from other places, although everything could be easily produced on the spot.

"What we want is brains to direct and hands to work. Until recently communication with the capital was very irregular, but it is not so now, nor are there any Indians: so men vegetating in the capital should note the condition of these parts and the splendid return they promise for enterprise. Government does very little. We have 100 policemen, but they are left naked, no clothes being sent to them, and the payment of employees, schoolmasters, &c, is of a piece—always behind hand.

"I must stop now but will write soon again.

"G. R. A. S."

LATEST FROM BRAZIL.

During the week nothing of note occurred in Brazil of political importance, and the expected dissolution is still too far off and too attended with negative possibilities to be much more than the text of party gossip and calculations of chances.

By decree of May 21st the division of the Empire into electoral districts of one general deputy has been promulgated. Amazonas has 2 districts, Para 3, Maranham 6, Piauhy 3, Ceara 8, Rio Grande do Norte 2, Parahyba 5, Pernambuco 13, Alagoas 5, Sergipe 4, Bahia 14, Espirito Santo 2, the municipality of Rio 3 and the province of Rio de Janeiro 9, S. Paulo 9, Parana 2, S. Catharina 2, Rio grande do Sul 6, Minas Geraes 20, Goyaz 2, and Mato Grosso 2.

The 62d anniversary of H. M. Queen Victoria was kept with the customary honors on the 24th of May.

The Bicentenary of the Spanish poet and dramatist Calderon de la Barca was celebrated in Rio on the 25th of May with festivities, speeches, theatricals and a torchlight procession, with bands and singing of Spanish songs.

Major Serpa Pinto, the distinguished Portuguese African explorer, arrived here on the 30th ult. and received an ovation.

The accounts from the interior continue on the whole very favorable as regards the crops, although statements of short coffee crops in some districts are sent on. Frosts have already been occurring in some parts of the provinces of S. Paulo and Minas Geraes, but nothing is as yet said of damage done thereby.

In the Legislature of Amazonas a Bill has passed to authorize an increased subsidy to the European Navigation Company, to obtain an augmented direct service with Europe.

A Bill was before the House for a direct line to New York.

Other Bills provided for a new contract for the supply of Manaos with beef, and premiums of 5:000$ to 30:000$ to graziers and farmers, to the first for artificial pastures &c., and to the second for plantations of at least 10,000 coffee trees, cacao trees, or gum elastic trees.

The Custom House of Para yielded 489:442$ in April, against 525:012$ in April 1880.

That of Maranham gave 312:666$ in April.

In Ceara an exodus of Cearenses to the Province of Amazonas is going on, and one of the steamers took on 142 at the beginning of May.

The extraordinary abundance of rattlesnakes in some settlements is still noted. On one clearing over 200 are said to have been killed.

The Custom House produced 102:500$ in April.

The Promotor Publico of Estancia, Sergipe, was attacked in his father-in-law's house on Monday, 16th, by two men with sticks, and in defence shot one man, who died on the 22nd.

The Province of Bahia borrowed last month from the Mercantil and Bahia Banks 1,200:000$, issuing therefor 6 per cent bonds at 9 per cent with 20 years amortization.

Lieutenant Colonel Augusto Beauin left by his will freedom to 14 slaves, and the sum of 4:000$ to start them as farmers.

At a meeting at S. Paulo on the 22nd of May it was decided to found a society for the protection of Portuguese immigration.

Under contract with the Government, a road is to be made by the Companhia de Navegacao Fluvial Paulista between the port of Avanhandava, on the Tiete, and the port of Su Francisco de Salies, on the Rio Grande, and the navigation of the Tieté is to be extended to Avanhandava. This will provide a step towards Matto Grosso.

A S. Paulo apothecary says that a peasant has at various times sold 80 kilograms of mercury gathered not far from Santos, and that he himself believes that a mine must exist between Santos and S. Paulo.

The Provincial Legislature of Rio Grande do Sul voted the Law of Estimates on the 18th ult.

The provincial bill granting 7 o/o interest on additional capital of 2,076:024$ to the Rio Grande and Bage railway was dropped on receipt of a telegram from the Minister of Agriculture announcing the formation of the company and subscription of the capital, Conselheiro Silveira Martins retiring the Committee amendment giving the grant. The engineers left Rio for Rio Grande do Sul on the 25th ult.

The petition of Sr L M Mylasky, ex-president of the Sorocahana railway, against the recognition of the validity of the vote changing the seat to Rio and dismissing him from the presidency, has been disallowed and the previous decision confirmed, by the later Consult.

Mr C J Harrah, director of the Botanical Gardens Rail Road Company, has petitioned the Brazilian government against irregularities in the assembly general at New York on the 2nd of March.

On the 30th of April the first locomotive ran on the Conde d'Eu R.R in Parahyba, but only a distance of two kilometors.

It is expected to be able to open the Sobral, Ceara, railway to the 79th kilometer by the end of June. The rails were at last dates laid to the 62nd kilometer, but the rainy season had greatly delayed work.

Baron Heath presided over the annual meeting of the shareholders in the San Paulo Railway Company and congratulated them on the position and prospects of the company. The traffic throughout the half year had been good, and it had been carried with safety and expedition. He afterwards referred to the efficient condition of the rolling stock and permanent way. The report was unanimously adopted, and a dividend at the rate of 8 per cent per annum was declared. Baron Heath and Mr Frederick Youle, the retiring directors, were re elected.

A bill before the S. Paulo legislature authorizes a concession, without guarantee, to Lieut. Colonel Seabra and others of a railway from Bacacetava, or other point of the Sorocabana railway, to Tatuhy.

Commencement has been given by the Mogyana Company to the laying of rails on the Entre Rios section of the Casa Branca to S Simao branch.

The Minister of Agriculture instructed in December last the fiscal of the Conde d'Eu railway to try to come to an understanding with the company to extend the line to the port of Cabedello, owing to the difficulty of access to the inner port.

Last month he has instructed the fiscal of the Parana line to require the company to furnish more goods accommodation at the Paranagua station.

An authorized modification of table 14 of the S. Paulo and Rio de Janeiro railway authorizes a reduction of 50 per cent, when 5 waggons are taken, in the case of building material, firewood, grass, manures, ant-killing preparations and other bulky articles of little value useful to farmers.

TESTIMONIAL.

Buenos Aires, June 9, 1881.
To the Editor of the *Standard*.
Dear Sir,

Allow us through the columns of your valuable and praiseworthy paper, to express our gratitude for the courtesy and kindness received on our arrival in Buenos Aires, on our way to Chubut; and to-day we had the honour, seldom experienced and much envied, of an introduction through you, to Dr. del Viso, Minister of the Interior, who gave us a very cordial reception and appeared glad to see us, by his anxiety to do all in his power for our welfare; and, through Mr. Mulhall, he has promised free lands to us and a vessel to take us down at once, which is a great consideration and fully appreciated by all the company.

In the kindness received from the Argentine Republic, we can mention in particular the names of Dr. del Viso, Mr. Victorica and Captain Grenalla, which will be cherished by us for ages to come, and we all heartily thank Mr. Mulhall for his kindness and good services towards us, and wish each and every one of these gentlemen long life to further the interests of the Argentine Republic, which they have so honourably commenced; and the fact of such a current of emigration to this country speaks volumes in favour of the Argentine Republic, and, in concluding, we say long life to the Argentine Republic.

Jno. Parry,
James Harries.

Ministerio del Interio

LICTACION.

En la Secretaria del Ministerio del Interior, se recibiran propuestas para la provision de cincuenta mil traviesas de madera dura para la prolongacion del Andino, con arreglo a lo dispuesto en el capitulo 2º de la ley de Obras Publicas y las siguientes bases.

1º Las propuestas se presentaran en pliego cerrado con la firma del proponente o proponentes y seran acompanadas de un documento en que conste haberse efectuado el deposito en el Banco Nacional de mil pesos fuertes en billetes de curso legal a la orden del Gobierno nacional, segun lo dispuesto en el articulo 10 de la ley de Obras Publicas.

2º Las Opuestas se entregaran al escribano del Gobierno nacional hasta el dia 30 de Junio de 1881, a las 3 p.m., dia y hora en que seran abiertas en presencia de los interesados que quieran asistir al acto.

3º Todas las traviesas seran de madera dura, quebracho o urunday, bien rectos, de seccion rectangular, sin altura y de caras perfectamente Planas.

4º Las dimensiones tipicas de las traviesas seran: dos metros setenta centimetros (2m 70) de largo: veinte y cuatro centimetros (0m 24) de ancho y doce centimetros (0m 12) de espesor.

5º Se admitira una tolerancia de cinco centimos [0m 05] en el largo, dos centimetros (0m 02) en el ancho y un centimetro (1m 01) en el espesor, asi como los que presenten una curvatura cuya flecha medida normalmente a cualquiera de las caras laterales no esceda de seis centimetros (0m 06). Se sobreentiende que las medidas establecidas deben tomarse libres de samago o albura.

6º La tolerancia a que se refiere el articulo anterior, solo sera aplicable a un numero de traviesas que no esceda del 20 p. cent en cada entrega, es decir, que el ochenta por ciento debera ser de las dimensiones tipicas que se establecen en el articulo cuarto.

7º Las traviesas seran entregadas por el empresario en la estacion del ferro carril Central Argentino en el Rosario de Santa Fe, donde se efectuara la clasificacion y recibo de los que se hallan dentro de las condiciones de contrato, por el empleado o empleados del Gobierno, encargados al efecto por el Director de las obres de prolongacion.

8º Seran de cuenta del empresario todos los gastos en peones que origine la clasificacion y carga de las traviesas en los wagones del Central Argentino.

9º Toda traviesa que presente rasgadura o signo de putrefaccion, o que no este en las condiciones determinadas en el contrato, sera rechazada sin accion a reclamo alguna.

10º Toda traviesa rechazada sera sacada inmediatamente del recinto de la estacion de Central Argentino por cuenta del empresario, y en caso de no verificarlo en el termino de las veinticuatro horas siguientes a la en que tuvo lugar el rechazo, el encargado de la clasificacion y recibo, tendra el derecho de hacerlos sacar por cuenta del empresario, o de inutilizarlos de modo que no puedan servir para la via.

11 Las traviesas que tengan dimensiones mayores que las indicadas en el inciso 2º pero que satisfagan a las demas prescripciones del contrato, podran admitirse al mismo precio que las de contrato, siempre que tengan aplicacion conveniente a juicio del director de los trabajos.

12 Las traviesas se entregaran en seis periodos y en las cantidades siguientes:

1	8º entrega	3000	traviesas
2	id	7000	id
3	id	10000	id
4	id	10000	id
5	id	10000	id
6	id	10000	ir

Su primera entrega debia verificarse dentro de los treinta dias de la fecha de la aprobation del contrato y las siguientes mensualmente, de modo que el total debera quedar entregado en un plazo de seis meses desde la fecha de la aprobacion del contrato.

13 Si el empresario no entregase mensualmente o en cada periodo, el numero de traviesos que se indica en el precedente articulo, abonara por cada traviesa que falta y por cada dia de retardo, un centavo fuerte de multa—Queda entendido que no podra el empresario completar el numero de traviesas que le falte de una cualquiera de las entregas, antes de haber verificado la entrega total de las que corresponden al periodo siguiente.

14 Si el empresario no entrega mensualmente el numero de traviesos fijado como minimo, el director de las obras de prolongacion podra adquirirlas en donde las hubiese en las condiciones del contrato, por cuenta de dicho empresario y hasta la concurrencia de su obligacion, usando al efecto del deposito de garantia, asi como del diez por ciento, retenido sobre cada pago, con arreglo a la ley de obras publicas, sin perjuicio de la multa establecida en la base anterior y de de la accion por danos y perjuicios a que hubiere lugar.

15 Los proponentes indicaran el precio de cada traviesa en peso fuerte de curso legal (billetes del Banco de la Provincia de B. Aires) en cuya moneda se verificaran los pagos.

16 El proponente a quien se adjudique esta licitacion, debera depositar en la sucursal del Banco Nacional en el Rosario de Santa Fe a la orden del Director de las obras de prolongacion, ingeniero Guillermo Villanueva, la cantidad de cinco mil ps. fts. en billetes de curso legal, lo que quedara como garantia del cumplimiento del contrato y no podra ser retirado hasta estar cumplidas las obligaciones en el estipuladas—Dicho dep sito debera ser ademas reintegrado cada vez que sea ocupado en todo o en parte, en uso de la facultad espresada en la base 14.

17 El pago de las traviesas recibidas se verificara, mensualmente del 5 al 10 de cada mes en la Tesoreria de la Administration del Andino, en Rio Cuarto, de conformidad con el certificado que espidan los encargados de la recepcion por las entregas del mes anterior, con el visto bueno del Inspector, previa la liquidacion con arreglo a las condiciones del contrato, lo que prescribe la Ley de Obras Publicas y la correspondiente orden de pago del Director de las obras de prolongacion.

18 Terminado el contrato y efectuada la liquidacion correspondiente, el empresario tendra derecho a exigir la devolucion del diez por ciento retenido y la cantidad depositada en la sucursal del Banco Nacional, descontando las sumas que con arreglo al contrato se hayan deducido por multas.

19 No se tomara en consideracion las propuestas que se presenten sin los requisitos indicados o que se aparten de estas bases, ni se admitira esplicacion ni rectificacion alguna, verbal o escrita, una vez abierto el primer pliego de las propuestas presentadas.

Call for Tenders

FOR THE

City Improvement Works

OF

BUENOS AIRES.

The Improvement Works Commissioners, duly authorised by National Government decree of 28th December last, hereby calls for tenders to complete the Drainage and Water Works within the radius defined by the Law of the Province of Buenos Aires of 9th Sept. 1876, subject to the estimated cost sanctioned by the Law of November 8th 1878, on the following bases—

1st.—Tenders must be presented, before the 30th July of this year, to the Secretary of the Commissioners, under seal, to be opened on the same day, in presence of those interested, or their representatives.

2nd—Each tender must be accompanied by a receipt from the Treasury or the National Bank for 50,000 hard dollars, as a guarantee of good faith, as provided by Art. 16 of the Public Works Act. A tender once accepted, the contractor, as provided by Art. 23 of the same Act must give a guarantee, satisfactory to the Commissioners, for 250,000 hard dollars, or deposit said amount in the National Bank in cash or National Bonds at the price of the day.

3rd—The contractors will be bound to take from the Commissioners all the cement and bricks for the works, at 20 hard dollars per thousand bricks and 32 hard dollars per 1016 kilogrammes of cement (equal to an English ton) the bricks to be delivered at the stations of the Northern Railway.

4th—The materials which the contractors may import for the works must be inspected before being accepted, by the Commissioners, engineer, without any remuneration to the contractors. The Commissioners will obtain entry free of Customs duty for all materials for the works.

5th—The works must be constructed on the same plans and conditions as laid down for the tenders called for in February 1873.

6th—The bidders must bind themselves to finish the works within 20 months, to count from the day on which they receive the orders to begin them, subject to the penalties laid down in the conditions before mentioned, in case of not completing the works within the time specified, or of there being any difference or defect in construction.

7th—The contractors must take over all the materials, implements etc. which the Commissioners bought from Messrs Newman, Medici & Co, on cancelling their contract, and at the price paid by the Commissioners. The inventory of these material etc can be had from the Commissioners Secretary.

8th—Those who intend to send in tenders can obtain every information from the Secretary.

9th—The contractors must send, at their own cost and time, an engineer to superintend the erection of the machinery and buildings, subject to the plans and models the Commissioners may select.

10th. The Contractors must guarantee the power and efficient working of the machinery for one year, and be responsible for any breakage caused by bad workmanship or materials, this responsibility to cease when the broken part is repaired with material of good quality and put in its place.

11th—Separate bids can be presented for the construction and erection of the machinery, as well as for the other works.

12th—The Commissioners reserve the right of accepting the tender they consider best for the public interests, and rejecting them all if they see fit so to do.

B: Ayres, Feb. 23 1881.
